

Dear Ralph,

We purchased 16 oz. Blocks of your gel which absorbs odors and we installed them at our clients facility in Philadelphia. Our client is Thomas Jefferson University Hospital and we were very pleased with the result. Part of the contract we received for your Gels is for Bathrooms in 3 floors and Emergency Room Unit (5 bathrooms) as well as the HVAC Unit (where infectious material is being boiled). As you know, the traffic is high and the smells abound. Your product was able to manage a reduction in smells at HVAC and controls and eliminates them in the bathrooms.

Many thanks for presenting your products to us, we will definitely continue using them

Kindest regards,

Marcelo Schor - President
